

## President's Message

Welcome to the 2018/2019 ASHRAE Columbus Chapter. I hope everyone had a prosperous and wonderful summer. I would like to thank Jared Keron for his service as the 2017/2018 Chapter President. Jared did a wonderful job of overcoming some unforeseen obstacles and lead the Board of Governors to a very productive year. As you have heard before, the Presidential Award of Excellence is given to ASHRAE Chapters who meet or exceed "PAR" in a number of categories and with the help of a tremendous Board of Governors Jared received the Presidential Award of Excellence. Congratulations Jared.

I would like to take a moment and thank all of the Board of Governor Members. As a 100% Voluntary Board, the time and effort that is put in to achieve the Chapter Goals is amazing. We recently added three new Board Members, Casey Oldham and Derek Ensign with AECOM and Arlette Roeper with SRS Controls. We have added to new Committees on the Board as well, Refrigeration Chair and Women in ASHRAE Chair. Every year, Board members make their way to the CRC for training, which is held at Region V Chapters annually on a rotating basis. I am proud to say that our attendance at the Toledo Chapter CRC was tremendous and the Columbus Chapter received the travel award for the second year in a row and 5 of the last 8 years.

The Columbus Chapter also has a unique situation at the Region V Level, we currently have (5) positions filled: Jim Arnold – Government Affairs Region Vice Chair; Jake Taylor – Student Activities Region Vice Chair; Matt Colvin – YEA Region Vice Chair; Carl Schultz – CTTC Region Vice Chair; Hanse Cromer – Region Historian. Congratulations on your elected and appointed positions at the Regional Level.

The golf outing had another successful year and many thanks to Tony DeCrescenzo and golf committee for all of the time and dedication to make this event one of the premier events in our industry.

As Chapter President I am required to set goals for the 2018/2019 fiscal year. My goals include growing our membership through promotions and events, give chapter service awards, identify members who are eligible for Regional Awards of Merit and Distinguished Service Awards and apply, investigate and promote ASHRAE research projects in our area, form the Columbus State Community College Student Chapter, apply for the Chapter Opportunity Fund and possibly implement a sustainability project or living laboratory project. Although the goals are high, with the help of the Board of Governors and Chapter members they can be achieved.

Lastly, if you would like to help with any of the committees or help achieve our Chapter Goals, please do not hesitate to contact me or one of the Board Members. I look forward to seeing you at the Monthly Technical Luncheons and other events we have throughout the fiscal year.

God Bless

Hanse Cromer  
ASHRAE Columbus Chapter President

## **Gary H. Jahn**

AUGUST 19, 1942 – MAY 2, 2018

Gary H. Jahn, age 75, of Miamisburg passed away Wednesday, May 2, 2018 at Kettering Medical Center. Gary was born long ago in Cincinnati, OH. He is survived by his wife of 36 years, Charmayne Jahn (Gabbard); his step daughter, Amy J. Licata and son-in-law, Joe Licata; brother, Michael Jahn; sisters, Kathee Scoggins and Debbie Callahan; beloved nieces and nephews: Corey, Colleen, Jenny, David, Matthew, Beth, Kara and Erin; great nieces and nephews, as well as special friends he considered family. Gary served his country in the U.S. Navy, in the submarine service from 1964 to 1974. He was a proud employee of Stoermer- Anderson for 17 years. He enjoyed sports, yard beautification, vacations at the beach, cooking and life in general.

## **ASHRAE 2018 Scholarship winners**

We had great response and participation in this year's ASHRAE scholarship opportunity. It comes with great excitement and pleasure to announce this year's winners! They are:

College: Lindsey Spangler, The Ohio State University, Electrical & Computer Engineering

High School: Caleb Marsh, University of Cincinnati, Mechanical Engineering

Congratulations to the winners and best of luck to them in their future endeavors!

On behalf of the ASHRAE Columbus Chapter Board of Governors; Thanks to all the participants and we look forward to the selection process, again, in April 2019.

Sincerely,

Bryan Crnarich

Student Activities Chair

## Region V Technology Awards

Each year ASHRAE Society may present awards in six categories: Commercial Buildings (New, Existing, Existing Building Commissioning); Institutional Buildings (New, Existing, Existing Building Commissioning); Health Care Facilities (New, Existing, Existing Building Commissioning); Industrial Facilities or Processes (New, Existing, Existing Building Commissioning); Public Assembly (New, Existing, Existing Building Commissioning); Residential

Prior to this the projects must be entered in Regional competition. Every Spring engineers across the country can submit their projects for consideration for a technology award. This past year Region V made the following awards:

### First Place

**Category:** Educational Facilities, New

**Project:** Medill Elementary School

**Engineer of Record:** Gregory C. Topp, RDFA

### First Place

**Category:** Educational Facilities, Existing

**Project:** Hawken School

**Engineer of Record:** Megan Blank, DLR Group

### First Place

**Category:** Public Assembly, Existing

**Project:** Hamilton County Memorial Library

**Engineer of Record:** Marlon Wright, DLR Group

### Honorable Mention

**Category:** Educational Facilities, New

**Project:** Cleveland School of the Arts

**Engineer of Record:** Jason Majerus, DLR Group

If you have a project that you consider to be exceptional, please consider entering it to the regional completion. For more information contact the following:

### Golf Outing

The Annual ASHRAE Golf Outing was held on 9/21/18 at Bent Tree Golf Course. As in year's past, it was very well attended by consultants, contractors, vendors, and building owners. The sun shined brightly over the outing, which was a welcomed deviation from the gloomy forecast. This year we saw 12 of the 18 holes featuring a vendor sponsored experience for the golfers, providing extra opportunities for the participants to refresh their beverage and win prizes. The winning score among the 29 teams was an impressive 12 under par score of 60, shot by a team led by Jared Keron (Past President) from the Trane Company. We look forward to seeing them back next year to defend their title! The event raised \$14,000 for ASHRAE research, making it one of the most successful golf outings in history. Thank you to all who participated in the event and to all the sponsors. Your support is what makes this event possible.

Sincerely,

Tony DeCrescenzo

Chapter President Elect/Administrator
